SEE LIST OF LARGE ENGRAVINGS
ON PAGES 103 AND 104.

NOTICE.

Herewith is presented to the Trade and the Public a new Catalogue of Engravings, containing the largest list of engraved Steel Plates ever published in this country.

The small engravings, printed on paper $9\frac{1}{2} \times 12$ inches, are numbered in the catalogue, so that persons giving orders can merely indicate the figures opposite the Engraving selected. The majority of these are in excellent condition; but some that are worn cannot, perhaps, be procured in any other way. Where there exists more than one engraving of the same subject, the first indicated is generally considered the best. Specimen Volumes can always be examined at the office.

Also on hand an immense collection of quarto and smaller engravings (not mentioned in this Catalogue) ranging in price from 10 to 75 Cents each, according to their scarcity, size, &c. Persons sending a complete list of all engravings desired, will be notified of such as can be supplied, and their cost, before filling the order.

From many of the plates India Proofs can be furnished at \$1.00 each and Proofs on Plain Paper at 50 Cents.

Prints ordered by mail will be carefully packed and sent postage paid upon receipt of retail price.

With all orders, please give full name and address—City or Town, County and State, and remit either by check, draft, money order, registered letter or postal note.

Publishers may often save the expense of having new plates engraved by selecting from this catalogue, as editions can be furnished at a moderate royalty above the cost of paper and printing.

Parchments for Colleges and Universities carefully printed.

The engraving of fine Portraits on Steel has been a specialty for many years.

Orders for engraving steel plates, or for printing the same, will be executed in the best style at reasonable prices. With all orders for engraving, a deposit of one-half the agreed price will be required; the remainder to be paid when the plates are finished.

J. C. RUTHERFORD CO., { 32 CORTLANDT STREET,
NEW YORK.

Parties will please order from this Catalogue,
as it supersedes all former issues.

"It should have a place in every well-selected library."

QUARTO EDITION.

THE
AMERICAN
PORTRAIT GALLERY.

To Americans this Gallery of Portraits will be of great and abiding interest. It presents a series of biographical sketches, simply and clearly told, of those who stand forth to the world as emphatically the representatives of our country. To render the work, in the truest sense a Portrait Gallery, each sketch is accompanied by a fine portrait engraved on steel.

PUBLISHED IN 30 PARTS AT 50 CENTS EACH.

Each Part contains five fine portraits from engravings on steel, with ten pages of letter press.

Parts payable on delivery or sent by mail or express free of expense on receipt of price.

No subscription taken except for the whole work.
